**REPORTS:**

Levi reported:

- We are continuing to fog Monday, Wednesday, and Friday weather permitting.
- The crew spent many hours working the fair grounds in preparation for and during the concert and fair activities. Duties included fogging for mosquitos and spraying a generic tempo (lambda) for flies and grasshoppers and helping set up the fairgrounds when needed. He was pleased with the positive feedback the crew got for being helpful and keeping the bugs to a minimum.

**OLD BUSINESS:**

- We are still trying to find another electrician to give us a quote on bringing the weed shop up to code.
